

FAQ

## Questions About Commercial Millwork

Get quick answers about pharmacy cabinetry, clinic millwork, and project timelines in Metro Vancouver.

### What services are included in a commercial millwork project?

We handle design coordination, custom cabinetry and casework fabrication, finishes and hardware selection, and professional installation tailored to your workflow.

### Do you build pharmacy cabinetry for dispensary and retail areas?

Yes. We build pharmacy cabinetry and casework for dispensing workflows, retail displays, and secure storage, tailored to your pharmacy layout.

### Can you create reception desks and clinic waiting area millwork?

We design and fabricate reception desks, check-in counters, and waiting area millwork that fit your brand and patient flow.

### Do you provide optometry and eye clinic display cabinetry?

Yes. We build optical retail display cabinetry, eyewear wall systems, and exam room casework for optometry practices.

### Do you build veterinary clinic cabinetry and treatment room casework?

We fabricate durable veterinary clinic cabinetry and treatment room casework designed for hygiene and daily wear.

### Do you specialize in pharmacy and clinic millwork?

Yes. We focus on custom cabinetry and commercial healthcare millwork for pharmacies, medical and eye clinics, physiotherapy practices, and veterinary facilities across Metro Vancouver.

We handle design coordination, site measurements, material sourcing, and create in-house technical drawings for approval. Once approved, we fabricate all custom cabinetry and millwork and manage delivery and installation.

### How do you guarantee a seamless and fully integrated installation?

We coordinate closely with designers, general contractors, and other trades teams to coordinate details and execution for a high-quality finished result

### Can you handle unusual or complex designs?

Of course! We do everything from reception desks, wall panelling, ceiling fixtures, custom design elements, to elaborate display cases. We can bring any vision to life.

### Do you take on residential projects?

Yes. We've worked on many residential projects. We focus on larger scale residential builds that typically involve a designer and general contractor.

### Do you take deposits?

Yes. We require a 50% deposit to get started, with the remaining balance due after completion. For larger projects, payments are broken into smaller, more frequent installments to make budgeting easier
